# Indian Arthroplasty Association

## Dr. M. Ajith Kumar - President, IAA

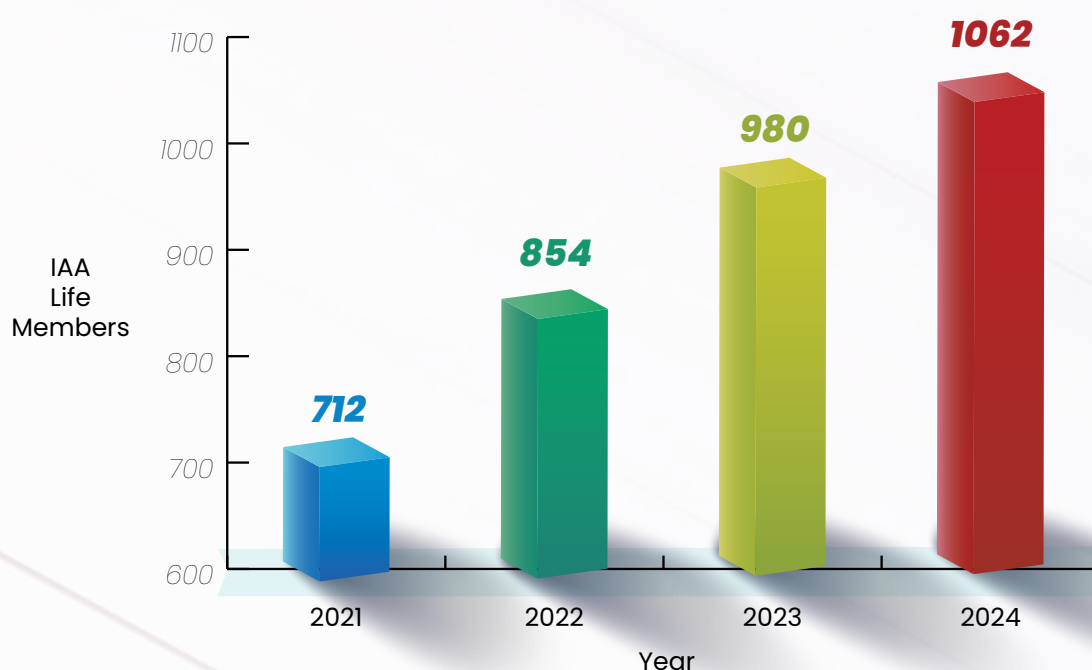

It's been a busy academic year ever since the new team took over in October 2023. The successful fellowship candidates were notified soon after the annual conference and given guidelines to complete their fellowship in good time. The monthly webinars continued uninterrupted and this year mostly case based discussions giving opportunity to young surgeons across the country created much enthusiasm among our members. We had Workshops with live surgeries in Jalandhar and Patna and another 'conclave' with relive surgeries in Delhi. This year IAA took it upon itself to organise Cadaveric Courses in different parts of the country particularly in Bangalore at Ramaiah Advanced Learning Centre, AIIMS Deogarh and Srinivasa Medical College, Mangalore, to further the skills of our members. With a view to enhance the understanding of basics of Arthroplasty of our young members. It is with immense pride and joy that I announce the launch of the very first issue of our Association's Journal. This milestone has been a long-standing need for our community, and I am thrilled to see it finally become a reality.

## Dr. Rajkumar Natesan - Secretary, IAA

Indian Arthroplasty Association is marching ahead in leaps and bounds by all quarters of joint replacement surgery which is very much visible in the last three years. Starting from membership enrolment that is in full swing as lots of young surgeons showing interest in this organization. Academics has reached new heights with continuous activities in that regard like IAA webinars and cadaveric courses. The digital transformation of our website, membership drive and fellowship selection process have helped in bringing the entire arthroplasty community under one roof. As the secretary of Indian Arthroplasty association for the past three years would like to thank one and all for standing by my side and helping me to contribute for whatever was possible. Will always be part of IAA in its growth and contribute for future endeavours of the association. Thanks and best wishes.

## Growth of IAA

# IAA Executive Committee 2023-2024

**Dr. M. Ajith Kumar**  
President

**Dr. Rajkumar Natesan**  
Secretary

**Dr. Ronen Roy**  
Immediate Past President

**Dr. Sanjeev Jain**  
President-Elect

**Dr. Rakesh Rajput**

		Dr Akash Saraogi	

Organising Chairman  
**Dr. Harish Bhende**

Organising Secretary  
**Dr. Ashit Shah**

### Dr. Shubhranshu Mohanty – President, IAA (2020-2021)

Academics is the stronghold of any of our organizations and with the help of our stalwarts in the EC, we tried to re-establish it by organizing weekly webinars followed by monthly ones and this is still continuing in full swing challenge was to organize a physical IAACON between the second and third wave of the pandemic at Mumbai with the help of Dr Harish Bhende, Dr Ashit Shah and Dr Satish Mutha. Friends, now we see IAA stands tall in India being the largest and strongest body of Arthroplasty and is one of the best Academic body for younger generation. Long Live IAA!! Jai Hind.

### Inauguration by Prof. N S Laud

### KT Dholakia Oration delivered by **Dr Rajesh Malhotra**

Topic: *My experiences with Revision TKA over 3 decades with Time Dilation - Tides of challenges and opportunities*

### IAA Presidential Lecture by **Dr Shubhranshu Mohanty**

Topic: *I'm not lucky, I worked for it; Becoming a better Arthroplasty Surgeon*

## IAA Coffee Table Book

This coffee table book aspires to project various facets of lives of the Past Presidents of the Indian Arthroplasty Association, in order to incept an inspiration for the young arthroplasty surgeons to explore their own path to excellence.

## Highlights

- *Live inbox surgeries*
- *Cementless knee*
- *Kinematic alignment TKA*
- *Robot assisted THA*
- *Direct anterior approach*

## IAACON 2021 Best Paper Award Winners

Dr. Praveen R Govardhan

Dr. Abhishek Kumar Rai

18th Annual Conference of  
Indian Arthroplasty Association

**IAACON 2022**

Date: 7th - 9th Oct, 2022. Venue: Hotel Le Meridien | Coimbatore

Organising Chairman  
**Dr. S Rajasekaran**

Organising Secretary  
**Dr. Rajkumar Natesan**

## Dr. Rajeev K Sharma - President, IAA (2021-2022)

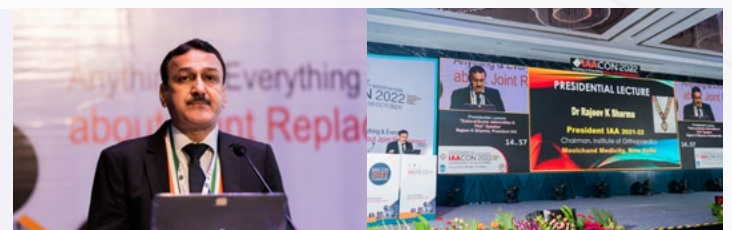

"Indian Arthroplasty Association" is a great academic platform for young and experienced surgeons alike, facilitating networking opportunities, advancement of knowledge, academic collaborations, and hands-on training sessions aimed at improving the standards of arthroplasty in the country. "Young surgeon forum" and "fellowship programs" are the best recent initiatives of IAA. The National conference IAACON 2022 turned out to be a huge success in regards to academics and social get together by bringing all the arthroplasty surgeons from across the globe. Wishing everyone all the best.

Inauguration by Dr. Ducan Whitwell & Dr. Arokiaswamy Velumani

**KT Dholakia Oration** delivered by  
**Dr Arun Mullaji**  
Topic: *Prometheus Returns*

**IAA Presidential Lecture** by  
**Dr Rajeev K Sharma**  
Topic: *Extra-articular deformities & TKA*

Dr. Vishal Huggi

Organising Chairman  
Dr. Ramesh K. Sen

Organising Secretary  
Dr. Manuj Wadhwa

### Dr. Ronen Roy – President, IAA (2022-2023)

Indian Arthroplasty Association is gaining lot of momentum by its activities related to training of junior surgeons. One such is the regional meets and 'Outreach' programmes involving lectures, small group case discussions and Saw Bone Workshops. One such programme was successfully organised in CMC Vellore which turned out to be a template for further regional programmes. Apart from this the eastern part of India and Jammu region eagerly engaged in conducting cadaveric workshops and Live surgeries which was a welcome boon to many young surgeons in that part of the country.

### Inauguration by Mr. Vivek Atray & Dr. Shivinder M. Singh

### KT Dholakia Oration delivered by

**Dr Ashok Rajgopal**

Topic: *Conviction, Belief and Work: Life Balance as an Orthopaedic Professional*

### IAA Presidential Lecture by

**Dr Ronen Roy**

Topic: *Arthroplasty Today - Is Hype winning over Science ?*

## Highlights

- *LIVE Robotics in TKR / UNI*
- *3D Printing*
- *Live Direct Anterior Approach (DAA) Hip*
- *Changing paradigms on Revision Arthroplasty*

## IAACON 2023 Best Paper Award Winners

Dr. Vikrant Manhas

Dr. Ankita Khajuria

# IAA Fellowships

IAA fellowships both International and national are most sought after among young surgeons in the field of Joint replacement surgery. The whole process of application, interview and selection are well structured which can be done through our IAA website. The feedback from surgeons completed the fellowships have been very encouraging and IAA has plans to include more centres in future.

All the centres which are affiliated with IAA have a good reputation and excellent mentors for training the surgeons and helping them to fine tune their skills . IAA would like to thank all the mentors both international and national for their contributions in this regard

## Highlights

- Every year Two International and Seven National IAA Fellowships are available which will be increased in the near future.
- Good opportunity to work and learn under experts in the field of Arthroplasty.
- Get to assist with senior surgeons in both Primary and Revision surgeries.
- Excellent exposure in outpatient clinics and ward management.
- Chance to learn the art of research, documentation and data collection.
- Opportunity to connect with the Indian Arthroplasty Association (IAA) community and build up a strong network in this speciality.

## International Fellowships Centres

RCSI Hospital, Dublin, Ireland

Pennsylvania Hospital, USA

## National Fellowships Centres

Laud Clinic, 180 Hindu Colony, Dadar East, Mumbai

Apollo Hospital, Jubilee hills, Hyderabad

Fortis Hospital, Jaipur

Moolchand Medicity, Lala lajpat raimarg, Near Moolchand Metro station, Lajpat nagar, New Delhi

MAX superspeciality hospital, Mohali

Elite institute of Orthopaedics and joint replacement, Mohali

PARAS Hospitals, Panchkula

IVY Hospitals, Mohali

Medica Superspeciality Hospital, Kolkata

# IAA Regional and Outreach Programmes

Indian Arthroplasty Association (IAA) as part of Indian Orthopaedic Association (IOA) is proud of conducting outreach programmes and regional meets in Tier two and three cities which enables the local orthopaedic surgeons and post graduates to get hands on in saw bone models and case based discussions in the field of arthroplasty. This helps them to gain this knowledge without the need of travelling to far away cities and save lot of time and resources. IAA is very particular in this initiative and has planned to do more such events in the year 2025. Industry partners should be thanked for making this possible.

# IAA 360° Webinars

The year 2020 saw the worst pandemic of COVID 19 which made everyone to abstain from physical meeting but however that helped us to innovate the IAA 360 deg webinars in the field of arthroplasty through the zoom platform. This helped us to cover each and every small topic in details by involving all the experts across the globe and these webinars are still continued due to the overwhelming response from every one. This is very unique to IAA and the whole advantage of this series of webinars are that it can be viewed anytime later as it is archived in IAA website.

Series No	Topic	Date
12	Managing femoral bone loss in THR	19-01-2021
13	Is robotics the need of the hour in arthroplasty?	16-02-2021
14	Instability after THA - all we wanted to know!	16-03-2021
15	Reconstruction strategies in revision TKR	20-04-2021
16	Cemented THR - back to future	15-05-2021

43	Case based discussion in Total Joint Arthroplasty	27-06-2024
44	Case based discussion in Total Joint Arthroplasty	25-07-2024
45	Case based discussion in Total Joint Arthroplasty	29-08-2024
46	Shoulder, elbow and ankle arthroplasty	26-09-2024

# IAA Cadaveric Course

IAA hands on cadaveric courses are very unique as it gives lot of opportunities for youngsters to get familiar with approaches and instruments in joint replacement surgeries. This benefits all beginners as the teaching is concentrated more towards basics. The faculty have done excellent job in doing this and also the industry for providing the instruments for the cadaveric courses. Apart from Hip and Knee , there were courses in shoulder arthroplasty which has helped the Upper limb arthroplasty procedures as well . IAA is planning to more such kind of courses in the coming year and please visit IAA website for all the details to block your dates accordingly.

## 23rd December 2023, Bhubaneshwar

**1<sup>ST</sup> TIME IN EASTERN INDIA**  
**ROBOTIC CADAVERIC WORKSHOP ON ALTERNATE ALIGNMENTS IN TOTAL KNEE ARTHROPLASTY**  
 Date- 23<sup>rd</sup> December 2023

UNDER THE AEGIS OF  Indian Arthroplasty Association  Odisha Arthroplasty Association

Welcome Delegates,  
 We are honoured & thrilled to invite you to the First ever "ROBOTIC CADAVERIC WORKSHOP ON ALTERNATE ALIGNMENTS IN TOTAL KNEE ARTHROPLASTY" in Eastern India under the Aegis of IAA & OAA. The workshop is to be held on the temple city of Bhubaneswar on 23<sup>rd</sup> December at the Department of Anatomy, Hi-Tech Medical College & Hospital, Bhubaneswar. It is an excellent opportunity to witness the first of its kind in eastern India, "The Robotic Cadaveric Workshop" & learn & interact with distinguished faculties to refine your skills and update your knowledge in this field.  
 We hope that dissemination of knowledge & hands on experience will improve the quality of treatment & care in Alternate alignments in total knee arthroplasty. We eagerly look forward to your active participation in this workshop.

UNDER THE AEGIS OF

# IAA Journal - IJOA

Indian Arthroplasty Association is very proud to announce the launch of India Journal of Arthroplasty a first of its kind in our country for a sub speciality in joint replacement surgery. The whole idea is to cultivate research and innovation in the young minds for a better future both in terms of good clinical outcome and patient satisfaction. This needs more and more involvement and contribution from everyone with good articles in not only Hip and Knee but also shoulder, elbow and ankle arthroplasty. IJOA can reach global standard soon by hardwork and involvement from everyone. The article submission is made very simple by visiting IAA website [www.indianarthroplastyassociation.com](http://www.indianarthroplastyassociation.com)

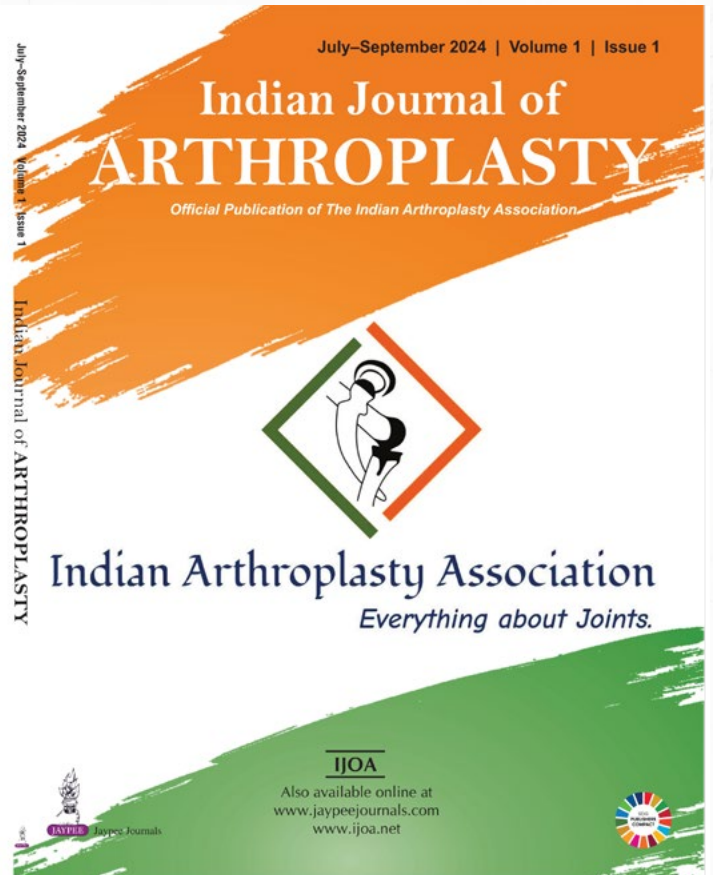

## Aims and Scope

Indian Journal of Arthroplasty (IJOA) is the official publication of the Indian Arthroplasty Association. The Journal publishes four issues in a year, i.e.,

- January–March
- April–June
- July–September
- October–December

It is a peer-reviewed, open-access Journal and aims to publish original research articles, controlled trials, review articles, case series and case reports and surgical techniques pertaining to joint replacement surgery only.

Access the Journal at [www.ijoa.net](http://www.ijoa.net)

## Compiled & Edited By

**Dr. Rajkumar Natesan**
