Dear Friends and colleagues,

Greetings from the team IAACON 2023, Chandigarh.

We wish to thank IAA members to have shown confidence in us to host next year's Annual meet.

We all perceive that this annual event of IAA not only adds to the latest information and knowledge but also gives us the opportunity to share many very happy moments with our colleagues.

We are sure, you will have many new ideas to be explored and discussed with other participants by the time next October comes, but we still wish you to carry any left-over interactions from IAA Coimbatore to Chandigarh. We expect seasoned International and National faculty to contribute their maximum in the meet.

You will find it nostalgic to look back at the place where one of the first-ever IAA interactions happened in form of annual meetings. The trip to Chandigarh can make you aware of the mindset of Le Corbusier, the French Architect, who designed it as a futuristic city, with new concepts of building architecture & designs. A city where we have more number of vehicles than the number of people residing, and still maintain the minimum traffic delays due to its vast number of interconnecting roads, A city with its beautiful Asia's most extensive Rose Garden, a beautiful lake and lately the sensational Rock Garden with its unique character.

And not miss the chances of trips to Shimla, Kullu-Manali, and Amritsar for the holy Golden Temple.

We look forward to welcoming you all in Chandigarh in October 13th - 15th, 2023.

Sincerely yours,

Organising Chairman
Dr. Ramesh K. Sen.

IAACON 2023

Near By Attractions

The Open Hand Monument

It is the emblem and symbol of the Government of Chandigarh and symbolizes "the hand to give and the hand to take; peace and prosperity, and the unity of mankind".

Golden Temple

The place is home to the glorious Golden Temple and is believed to be the cultural and spiritual epicenter of Sikhism throughout the world!

Tattapani

A quaint and peaceful village situated on the banks of the Satluj river. It is only 60 kilometres from Shimla.

Chandigarh War Memorial

Chandigarh War Memorial is one of the few memorials built in India in the post-Independence era. When completed, it was perhaps the largest memorial dedicated to war heroes in the country.

Nek Chand's Rock Garden

It consists of man-made interlinked waterfalls and many other sculptures that have been made of scrap and other kinds of waste which are placed in walled paths.

Fateh Burj

It is the emblem and symbol of the Government of Chandigarh and symbolizes "the hand to give and the hand to take; peace and prosperity, and the unity of mankind".
